My dell laptop doesn't turn on
Posted by delladmin - 30 Dec 2016 04:57

_____

hi,

1.Disconnect any external peripherals (flash drives, printers, external hard drives) from the computer.

2.Then remove the adapter.

3.Remove the battery.

4.Press and hold the power button for 10 seconds.

5.Reconnect the battery and the adapter.
