Spencer Plaza, Phase 1,S-14C, Mount Road, Chennai-02-9962604525

Cracks

Whatever caused the crack in your Dell laptop screen, it's not going to heal itself by magic. A computer that's rarely moved tends to outlast one carried on the commute, but in both cases the crack will do nothing less than spread, becoming more of a hindrance to usability and internal function.

Holes

Dell Laptop and netbook screens are very, very sensitive. If your laptop appears to be in working order after a hole has been created in the screen, it's living on borrowed time! A hole in the laptop screen means environmental detritus and dirt can easily enter the internal area of your computer, perhaps damaging it irreparably.

Stability Issues

A badly-fitted or loose Dell laptop display isn't just frustrating; it can contribute to some pretty serious internal component
